Xel wasnt banned for sexual harassment
she did plenty of other rule breaking

I would like to mention that all name blocks ARE color-coded.

[REDACTED] 12/13/2021

I was shaking, I was scared and fucking pissed.

[REDACTED] and [REDACTED] were demanding proof from you and it wasn't helping at all.
All xel said when I dmed them was that it was never their intention to pressure you

[REDACTED] 12/13/2021

bullshit

shes aromantic

confessed she had feelings for me

and then proceeded to say she was horny

thats manipulation

she full on knew

i didnt know until [REDACTED] told me

Xel told her she was aro

[REDACTED] 12/13/2021

That's news to me too.

[REDACTED] 12/13/2021

She also admitted to [REDACTED] she used people

[REDACTED]
do u know someone named Elysian?

[REDACTED] 12/13/2021
[REDACTED] circulated it again and xel got pissed.
Elysian?

[REDACTED] 12/13/2021
Echo is an idiot

[REDACTED] 12/13/2021
Lemme look.

[REDACTED] 12/13/2021
Elysian is someone else that went through the same thing with Xel
and Xel almost got cancelled for it
idk how she didnt

[REDACTED] 12/13/2021
I'm not seeing anything in my friendslist or dms.

[REDACTED] 12/13/2021
but it shows that people are fucking stupid

[REDACTED] 12/13/2021
But that's awful they went through the same shit.

12/13/2021

Xel said she didn't wanna go through an "Elysian part 2"

12/13/2021

12/13/2021

The thing that sucks is
My proof looks like consenting
so screenshots don't mean shit
Xel and I both decided to just forget what happened

[REDACTED] Today at 4:04 PM

God fucking dammit what did you guys do

[REDACTED] Today at 4:05 PM

i told xel to keep her mouth shut or else things
would get worse, now look what happened

[REDACTED] Today at 4:05 PM

I swear to fucking god

[REDACTED] is typing...

12/13/2021

At this point we all want this over with.

12/13/2021

i mean I have Xel's apology to show it happened if it ever gets revived

12/13/2021

This nearly got you cancelled, me cancelled, xel cancelled, and a lot of people in deep shit.

12/13/2021

idk why it would get me cancelled, I spent months swallowing this shit down until one day it slipped on accident

12/13/2021

Everyone kept making it out that xel could retaliate and make things bad for you.

12/13/2021

oh right

shes so petty

i forgor people actually listen to her
if she got out of being cancelled once
over the same thing

[REDACTED] 12/13/2021

A lot of shit talking behind each other's backs, not much work done on the mod, lot of bickering yadda yadda yadda

Basically when I fucked up a few days ago

What happened was, when I warned them about xel[you were never named] [REDACTED] went after xel in a public chat

Despite me telling them to keep it to their damned selves

I didn't even know what was going on until [REDACTED] began messaging the gc asking about it, then come to find out xel put 2 and 2 together of how they got banned and went after you

That was when I dmmed you

[REDACTED] 12/13/2021

[REDACTED] is respectful but almost disrespected Xel's pronouns when he found out she wanted me to call him "baby boy" and talk about his penis

I think he calls her they now, solely because of that
